Köthen, 13.01.2022

Dear Prof. Sgintayeva,

We are deeply moved by the news and pictures that have reached us during the past days from Almaty. It is a tragedy, especially for those who have lost loved ones and those who were injured or have had their livelihood destroyed by these events. We sincerely hope that all staff members and all students are doing well. In these hard times, we stand together, and our thoughts are with all of you. We wish everyone not to lose courage and to give each other strength. We truly hope that the immediate danger will subside and that life will return to a new and safe normal again soon. We want to express our support for you and our hope that we will continue our thriving partnership.

Yours sincerely,

Prof. Dr. Bagdahn  
President  
Anhalt University of Applied Sciences
